The PaperPak Difference

UNPARALLELED RANGE

With the most comprehensive paper bag and carton range available in Australia and New Zealand, delivered with a flair for innovation and fashion, we're your team to provide a seamless brand experience for your consumers and efficient packaging solutions for you.

Our range includes bags, wrapping, tissue paper, swing tags, ribbons, labels and boxes, so you know we'll have what you need, when you need.

SAFE HANDS

When you shop at some of Australia's largest retail brands, like Country Road, Telstra, Kathmandu or Calvin Klein, you're looking at our work. The biggest names trust us and with our finger on the pulse of what's fashionable, so too do emerging and boutique brands.

Generally speaking, we wouldn't recommend following the pack, but when it comes to your packaging, it just makes sense.

BUILT FOR SPEED

Not only do we manufacture the largest range of paper and carton packaging in Australia and New Zealand, we keep it on hand and ready to go. With our next day promise, we can guarantee that if you order any stocked item by 2pm*, it'll be dispatched the next business day.

There's nothing quicker. It's our promise.

QUALITY MADE CONSISTENT

Innovative and fashionable packaging means nothing to your brand unless it's delivered right all the time. We value quality and use a 15-point quality check process that tracks any defects down to the specific batch.

That's why we have a 99.99% right first-time record, even across traditionally problematic products. And that's quality that keeps your brand safe.

SERIOUSLY RESPONSIBLE

We value providing you with packaging that won't compromise on your brand's ethics.

Not only do we offer the largest recyclable retail packaging in Australia and New Zealand, our supply chain is also bound to the highest global ethical standards, and we manufacture from sustainable Australian PEFC accredited plantation forests wherever possible. If you take your responsibilities seriously choose a packaging supplier who does too.

If you take your responsibilities seriously, choose a packaging supplier who does too.

ARTWORK ADVANTAGE

Great brands are consistent brands.

To ensure everything we deliver is 100% consistent, we start with ESKO – the world's leading artwork management system, trusted by the likes of L'Oréal.

We then offer a complete end-to-end in-house design service, so your brand is applied correctly across every piece of packaging. We value consistency, which means your brand is on-brand. Every time.
